Safe Harbour Statement

Statements in this Annual Report describing the Company's objectives, expectations or forecasts may be forward looking within the meaning of applicable laws and regulations. While these forward-looking statements exemplify our judgment and future expectations concerning the development of our business, a number of risks and uncertainties and other important factors viz. economic conditions affecting demand and supply, government regulations, natural calamities and so on, may cause actual development and results to differ materially from our expectations. The Company undertakes no obligation to publicly revise any forward-looking statements to reflect future events or circumstances.

Chairman's Letter to Shareholders

Dear Shareholders,

It is my privilege to write to you as the Chairman of PNB Gilts Ltd. and I feel honored to accept the responsibility to Chair the Board. I have immense pleasure in presenting the Annual Report of your Company for Financial Year 2020-21.

The year 2020-21 saw one of the worst in terms of humanitarian as well as an economic crisis, which reverberated across geographies. The first half of the year was especially painful as the world struggled with an unabated rise in COVID infections, which resulted in disruption of economic activities, purging supplies and demand simultaneously. The first quarter GDP figures reflected the damage to the global economy with India registering a sharp contraction of 24.4 per cent. After a much painful first half of the year, the second half brought some hope on breakthrough in vaccine and launch of vaccination process in some countries by end of December 2020. The opening up of the economies is depended upon pace of vaccination and advanced economies led the way, vaccinating their population rapidly, which helped in consumer demand to return to the fore. Though developing economies were initially slow in vaccine procurement and vaccination drive, however, with vaccination programmes gaining momentum across the globe, economic activity is expected to return to normalcy. All throughout the period, the central banks and governments remained in battle ready mode, taking unprecedented measures to mitigate the impact of the crisis and in absence of these measures, the impact of the crisis would have been far worse.

On the domestic front, the Indian economy witnessed contraction of 7.3 per cent during FY 2020-21 as private consumption and investment activity sank significantly. During FY 2020-21, Private Final Consumption Expenditure contracted by 9.14 per cent y-o-y, while Gross Fixed Capital Formation contracted by 10.78 per cent. Government Final consumption Expenditure, however acted as cushioning factor to the decimated economic activity, playing its much-required counter cyclical role.

Throughout the year, RBI remained attuned with its primary goal of reviving economic growth and undertook several pre-emptive and growth supportive measures. RBI reduced repo rate by 115 bps to 4 per cent during March to May 2020, taking the cumulative easing in the current easing cycle (beginning from February 2019) to 250 bps. Besides, RBI also undertook several conventional

and unconventional policy measures to ensure normal functioning of the financial system and markets. RBI resorted to open market operations and provided explicit time based guidance in its monetary policy reviews, which helped in smooth conduct of the government-borrowing program during the year.

I am pleased to say that your Company posted a much improved performance results for FY 2020-21, despite the uncertain and challenging economic scenario in which it operated. In the midst of a raging pandemic, your Company ensured that all necessary and proactive steps were taken to prevent any disruption in its operation. Profit before Tax (PBT) of your Company witnessed a substantial increase with PBT of ₹ 614.35 Crore in FY 2020-21 as against ₹ 249.81 Crore in FY 2019-20. The record profitability during the year was driven by a robust rise in its core income. The NOF of the Company strengthened to ₹1305.69 Crore as on March 31, 2021 as against ₹ 1002.19 Crore as on March 31, 2020. I am pleased to state that your Company has declared the highest dividend of ₹10 per share for FY2020-21. The Company remained adequately capitalized during the entire year and capital adequacy ratio as on March 31, 2021 stood at 45.58 per cent against RBI's minimum stipulation of 15 per cent. I am glad to inform you that your Company continues to make a difference by contributing towards various social causes. Company undertook several CSR projects contributing ₹ 2.08 Crore towards health care, education, defence services, environmental conservation etc.

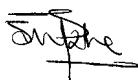

The company fulfilled all its obligations as a Primary Dealer by successfully adhering to the stipulations laid down by the Regulator(s). Besides, effective risk management systems kept the Company's risk profile in check throughout the year. Continuous support of all our shareholders has been our driving force year by year. We are immensely grateful to you for your cooperation and support which has helped us deliver in these challenging times.

Forward Guidance

The new financial year began on a somber note as the pandemic turned virulent raging across the urban and rural areas of the country. The expectations of monetary policy returning to normalization in FY2021-22, ebbed as growth concerns resurfaced, with RBI also expressing its concerns over the same. The economic environment remains uncertain as fears of multiple waves surfacing and the damage inflicted by the earlier waves on income and demand is likely to push recovery farther. In such uncertain times, your Company shall continue to remain proactive in ensuring that the operations remain smooth and disruption free. Your Company remains committed to adapt best practices in all its processes and on back of a dynamic and proactive management and carrying the trust of our stakeholders, your Company shall continue to grow well in years to come.

I extend my heartfelt gratitude to all the stakeholders, directors and employees for their persistent support, unwavering trust and tireless efforts to strengthen the position of the Company. I assure that your Company will continue to remain committed to enhance value for all the stakeholders.

Yours Sincerely,

(Swarup Kumar Saha)
Chairman

Earnings per share (Rs.)	25.23	10.35

During the financial year 2020-21, debt market witnessed heightened action because of macroeconomic imbalances induced by the COVID crisis. The economy faced severe headwinds as the COVID crisis and the nationwide lockdown restricted economic activity, leading to disruption in business, an increase in unemployment, and a sharp reduction in private investment and consumption. In a synchronized move, along with other central banks of the world, RBI also changed its monetary policy stance to highly accommodative, slashing the Repo rate by 75 basis points on March 27, 2020 followed by a 40 basis points cut in Repo rate on May 22, 2020. Besides the reduction in policy rates, RBI announced liquidity infusion measures such as Cash Reserve Ratio cut, Long Term Repo Operations, and a host of regulatory forbearance measures in response to the extreme economic shock. The 10-yr yield plunged by more than 75 basis points in response to monetary policy response to the crisis from 6.50 per cent in April, 2020 to 5.73 per cent in May, 2020. The bond yields however faced upward pressure as GOI rolled out fiscal stimuli, which led to additional borrowing requirements. During the year, GOI borrowing increased to an unprecedented ₹12.60 trillion. However, active intervention by RBI through regular Open Market Operations (OMO) and Operation Twists, prevented yields from rising sharply despite heavy supplies. During the year, RBI bought ₹3.10 trillion of GOI securities on a net basis through OMOs. Inflation also remained stubbornly high owing to high food price inflation and an increase in taxes on fuel, which resulted in cost-push pressures in the economy. Global factors remained largely favorable as yields remained soft while crude oil prices also remained contained amidst weak global demand. In a year which turned out to be unprecedented for global and domestic markets, the 10-yr benchmark yield touched a high and low of 6.50 per cent and 5.73 per cent respectively, and closed at 6.18 per cent as on March 31, 2021 vis-à-vis previous year's closing of 6.14 per cent.

Against the backdrop of volatile market conditions, Company continued to fulfill all its obligations as a Primary Dealer mandated by RBI in Primary and Secondary markets. Company leveraged the favorable conditions prevalent in the market by 1) adequate stock size; 2) well-timed entry and exit; 3) emphasis on carry income in a low funding cost environment; 4) hedging the price exposure. As a result of all the above, Company posted a record Profit before Tax (PBT) of ₹ 61434.70 lacs during FY 2020-21 as against a PBT of ₹ 24980.57 lacs

during FY 2019-20. Profit after tax (PAT) for FY 2020-21 stood at ₹ 45411.68 lacs as against ₹ 18635.46 lacs during FY 2019-20. Capital adequacy remains strong with its capital to risk weighted assets ratio (CRAR) at 45.58 per cent as on March 31, 2021 (32.47 per cent as on March 31, 2020), well above the regulatory minimum of 15 per cent for Primary Dealers. With regard to Treasury Bills commitment, the Company exceeded the stipulated success ratio of 40 per cent, achieving 42.55 per cent and 41.98 per cent in H1 and H2 respectively. In G-sec category, Company fulfilled the underwriting commitments, thereby supporting the government borrowing program. Company's total turnover ratio (secondary market) stands at 338 times for treasury bills and 450 times for government-dated securities as on March 31, 2021 against the minimum RBI stipulation of 10 times and 5 times respectively.

Impact of COVID-19

The COVID-19 pandemic emerged as a global challenge, forcing the governments to enforce lock-down of economic activity, creating disruption across the world. Your Company, being a Primary Dealer, is in the list of essential services provider. Accordingly, the company has not faced any business stoppage / interruption on account of lockdown. Based on existing facts and circumstances, the Company does not anticipate any material uncertainties which can affect its liquidity position or its ability to continue as a going concern.

The Company has ensured the health and well-being of all its employees and continuation of its business operations as well without any disruption. From a highly centralized model consisting of work spaces set up in different locations of the country, the switch to work from home for employees through its BCP model was carried out seamlessly. In this model, work from home enabled the employees to work remotely and securely. Few employees, on rotational basis, operated from different office locations without any health issues.

Under the prevailing conditions, your Company, through its pro-active approach and prudent risk management practices and systems etc., has been able to run the business operations successfully. Your Company stands committed towards its employees, clients, government and the society. As a measure of CSR, your Company during the year 2020-21 has given a sum of ₹ 100 lacs to PM Cares Fund set up by the Govt. of India for dealing in emergent situations like Covid-19.

Material Changes and Commitments

Save as otherwise provided in this report, no material changes and commitments affecting the financial position of the Company have occurred after the close of the year till the date of this report.

Capital Adequacy

Capital adequacy ratio as on March 31, 2021 stood at 45.58 per cent as against the RBI stipulation of 15 per cent.

Dividend

Your Directors are pleased to recommend a final Dividend of ₹ 3 (i.e. 30 per cent) per equity share of face value of ₹10/- for the year ended 31st March, 2021, subject to approval in the ensuing Annual General Meeting. The 1st Interim Dividend of ₹ 3 (i.e. 30 per cent) per equity share of face value of ₹10/- was declared on 10th November, 2020 and 2nd Interim Dividend of ₹ 4 (i.e. 40 per cent) per equity share of face value of ₹10/- was declared on 4th February, 2021. The total Dividend for the financial year ended 31st March, 2021 amounts to ₹ 10/- (i.e. 100 per cent) per equity share of face value of ₹10/- each.

The Dividend Distribution Policy, in terms of Regulation 43A of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations") is available on the Company's website on <https://www.pnbgilts.com/data/governance/1624942724.pdf>.

Transfer to Reserves

Your Company proposes to transfer ₹9082.34 lacs in Statutory Reserve as required under the provisions of Section 45-IC of the Reserve Bank of India Act, 1934. Further, in terms of the first proviso to Section 123(1) of the Companies Act, 2013, the Company proposes not to transfer any sum in General Reserve.

2. CORPORATE GOVERNANCE

Corporate Governance for your Company means achieving high level of accountability, efficiency, responsibility and fairness in all areas of operations. Our workforce is committed towards the protection of the interest of the stakeholders including shareholders, creditors, investors, customers, employees, etc. Our policies consistently undergo improvements keeping in mind our goal i.e. maximization of value of all the stakeholders.

Secretarial Auditor

The Board had appointed M/s Pranav Kumar & Associates, Company Secretaries, to conduct the Secretarial Audit for the financial year 2020-21. The Secretarial Audit Report for the financial year ended March 31, 2021 is annexed as Annexure D to this Report. The Report of the Secretarial Auditor forming part of the Annual Report, does not contain any qualification, reservation, adverse remark or disclaimer. The report of the auditor is self-explanatory and therefore do not call for any further comments.

Internal financial control systems and their adequacy

The Company considers the internal control systems to be a very significant part of its Corporate Governance practices. Your Board has adopted the policies and procedures for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, prevention and detection of frauds etc. The Company's internal control systems are commensurate with the nature of its business and the size and complexity of its operations. These have been designed to provide reasonable assurance with regard to recording and providing reliable financial and operational information, complying with applicable statutes, safeguarding assets from unauthorized use, executing transactions with proper authorization and ensuring compliance with corporate policies. The Company has a well-defined delegation of power with authority limits for approving transactions/contracts including expenditure. Processes for formulating and reviewing annual and long term business plans have been laid down. M/s Rasool Singhal & Co, the statutory auditor of the Company has audited the financial statements included in this annual report and have issued a report on our internal control over financial reporting (as defined in section 143 of Companies Act 2013).

As a part of this control system, your Board appoints Internal Auditor and other auditors as well. Accordingly, these internal controls are routinely tested and certified by the auditors. For the year 2020-21, the Board appointed M/s Lodha & Co. as the Internal Auditor of the Company. The scope of Internal Audit included audit of treasury transactions on a monthly basis and reporting to the Audit Committee of the Board that the company has operated within the limits of various risk parameters laid down by the Board, Reserve Bank of India and other statutory authorities. Besides, the said firm also audited and reviewed the related party transactions on monthly basis and key business processes, including IT systems of the Company, on quarterly basis. All the reports of the Internal Auditor were submitted to the Audit Committee. Timeliness of submission of all the periodic statutory returns/forms etc. to regulatory bodies was also checked by the Internal Auditor. The Audit Committee reviews adequacy and effectiveness of the Company's internal control environment and monitors the implementation of audit recommendations, including those relating to strengthening of the Company's risk management policies and systems.

5. DETAILS OF CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE EARNINGS AND OUTGO

The Company is a Primary Dealer as defined and regulated by the Reserve Bank of India and is not a manufacturing company, hence the particulars required to be disclosed with respect to conservation of energy and technology absorption in terms of Section 134(3)(m) of the Companies Act, 2013 and the Rules made thereunder are not applicable/ Nil.

However, every endeavor is made to ensure optimal use of energy, avoid wastages and conserve energy as far as possible. Some of these measures include switching off lights and computer systems when not in use, creating awareness among employees about the necessity of energy conservation etc. Your Company has installed the integrated treasury management software and RBI's Negotiated Dealing System with the help of The Institute for Development and Research in Banking Technology (IDRBT) and reputed IT companies. The Company recognizes the growing importance of Information Technology in the emerging business environment. The Company has also implemented Business Continuity Plan (BCP) and Disaster Recovery Plan (DRP) with the help of IDRBT (consultants for implementation of BCP and DRP) to identify and reduce risk exposures and

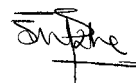

proactively manage any contingencies.

Your Company has neither used nor earned any foreign exchange during the year under review.

Particulars of Employees

Pursuant to the Rule 5(1) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, the information is furnished below:

- a. The ratio of the remuneration of each director to the median remuneration of the employees of the company for the financial year 2020-21

(₹ in lacs)

Sl. No	Name of Director	Director's Remuneration	Employee Median Remuneration	Ratio (No. of times)
1	Sh. A. K. Azad	-	25.77	-
2	Sh. P. P. Pareek	8.95		0.35
3	Sh. S. K. Kalra	11.30		0.44
4	Smt. Uma Ajay Relan	9.55		0.37
5	Dr. T. M. Bhasin	8.95		0.35
6	Sh. V. K. Srivastava	2.55		0.10
7	Sh. Vikas Goel	163.65*		6.35
8	Smt. Sunita Gupta	120.26* ¹		4.67

* Above remuneration includes variable pay (Performance linked incentive) which is paid based on performance of the company and employee in the last financial year i.e. on deferred basis, as recommended by the Nomination & Remuneration Committee and approved by the Board. During 2020-21, a variable pay of ₹ 35 lacs (Prev. Year: ₹ 4.18 lacs on proportionate basis depending upon the period served during 2018-19) was paid to the Managing Director & CEO at Sl. No. 7 and to the then Executive Director & CFO at Sl. No. 8, a sum of ₹ 23.50 lacs (proportionately for the period from April 1, 2020 to August 31, 2020 i.e. for the period served during 2020-21) (Prev. Year: ₹ 9.28 lacs). Apart from this, benefit on account of superannuation benefits of leave encashment and gratuity which are provided based on actuarial valuation for the company as a whole, is also available.

1. During the year 2020-21, Smt. Sunita Gupta ceased to be Executive Director & CFO w.e.f. September 1, 2020. Thus the above remuneration paid to her also includes ₹ 69.06 lacs of leave encashment and gratuity paid on retirement.

Notes: 1. Directors at Sl. No. 2 to 6 are/were Non-Executive Directors and only sitting fee has been paid. Sitting fee of promoter director at Sl. No. 6 has been paid to Punjab National Bank, who is the promoter of the Company. No sitting fees has been paid to Non-Executive Promotor Director at Sl. No.1

2. Out of pocket expenses incurred by them for attending the meetings and GST not taken into account.

- b. The percentage increase in remuneration of each Director, Chief Financial Officer, Chief Executive Officer, Company Secretary or Manager, if any, in the financial year:

Sl. No	Name of Director and Key Managerial Personnel	% increase in remuneration
1	Sh. A. K. Azad	-
2	Sh. P. P. Pareek*	57.02
3	Sh. S. K. Kalra*	18.95
4	Smt. Uma Ajay Relan*	NA
5	Dr. T. M. Bhasin*	NA
6	Sh. V.K. Srivastava*	NA
7	Sh. Vikas Goel	62.88
8	Smt. Sunita Gupta	NA
9	Sh. Chandra Prakash	NA
10	Smt. Monika Kochar	107.42**

* received only sitting fee during the year. Sitting fee of promoter Director at Sl. No. 6 above has been paid to PNB.

** includes payment of one-time leave encashment of ₹ 15.28 lacs to Sh. Vikash Goel and ₹17.82 lacs to Smt. Monika Kochar in respect of all outstanding privilege leaves as on 31.03.2021 on account of change in leave policy as approved by the Board during the FY 2020-21.

Note: Above remuneration includes variable pay (Performance linked incentive), which is paid based on performance of the company and employee in the last financial year i.e. on deferred basis, as recommended by the Nomination & Remuneration Committee and approved by the Board. During 2020-21, a variable pay of ₹ 35 lacs (Prev. Year: ₹ 4.18 lacs on proportionate basis depending upon the period served during 2018-19) was paid to the Managing Director & CEO at Sl. No. 7 and to the then Executive Director & CFO at Sl. No. 8, a sum of ₹ 23.50 lacs (proportionately for the period from April 1, 2020 to August 31, 2020 i.e. for the period served during 2020-21) (Prev. Year: ₹ 9.28 lacs). Apart from this, benefit on account of superannuation benefits of leave encashment and gratuity which are provided based on actuarial valuation for the company as a whole, is also available.

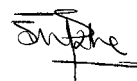

During the year 2020-21, Smt. Sunita Gupta ceased to be Executive Director & CFO w.e.f. September 1, 2020. Thus the above remuneration paid to her also includes ₹ 69.06 lacs of leave encashment and gratuity paid on retirement.

During 2020-21, Sh. S. K. Dubey, Ex-Managing Director, was also paid an amount of 2.09 lacs towards to & fro air tickets to USA as approved by the Board earlier in 2019 while recognizing his valuable contribution.

Except above, there was no increase in remuneration of other Directors as either they were not directors/KMP in FY 2019-20 or were appointed/ceased to be director/KMP during FY 2020-21. Further with respect to Non-Executive Directors (Sl. No. 2 and 3), increase in remuneration is on account of attending a higher number of Board/Committee meetings in which respective director is member during FY 2020-21 as opposed to FY 2019-20.

- c. In the financial year 2020-21, there was an increase of 65.98 per cent in the median remuneration of employees. This was majorly due to one-time leave encashment of all outstanding privilege leaves as on 31.03.2021 of all the employees on account of change in leave policy as approved by the Board during the FY 2020-21. This will reduce the leave liability of the company in future to a greater extent.
- d. Total number of employees of the Company as on March 31, 2021 were 41 (including 1 employee on deputation from parent bank). The Company has maintained peaceful and harmonious relations with all its employees.
- e. Average percentile increase already made in the salaries of employees other than the managerial personnel in FY 2020-21 was 73.17 per cent whereas the increase in managerial remuneration was 55.73 per cent in this period (as mentioned above in Sl. No. c above, the increase is majorly due to one-time leave encashment of all outstanding privilege leaves of all employees as on 31.03.2021). This was based on the recommendations of Nomination and Remuneration Committee, based on industry benchmarks and the respective employee's performance and contribution. The Company's remuneration philosophy is to ensure that it is competitive in the Primary Dealer (PD) industry in which it operates, for attracting and retaining the best talent. Further, the remuneration includes variable pay (Performance linked incentive) which is paid based on performance of the company and employee in the last financial year i.e. on deferred basis. The remuneration is in line with the PD industry benchmarks.
- f. It is hereby affirmed that the remuneration paid is as per the Remuneration policy of the Company.

MANAGEMENT DISCUSSION AND ANALYSIS

MACROECONOMIC REVIEW: FY 2020-21

Domestic Overview

The year 2020-21 will go down in history as the one that brought unparalleled pain and misery to the humankind, as the novel Coronavirus ravaged through the world, unabated and virulent, causing over 196 million infections and 4.2 million mortalities worldwide by end of July 2021. A crisis of this magnitude and the global lockdown imposed to contain the spread of the virus brought economic activity and global trade to a screeching halt as fear gripped nations. The Indian economy which was facing a cyclical slowdown before getting engulfed by the COVID crisis, plunged in to a full blown recessions as supply and trade faced severe disruptions amidst a global and nationwide lockdown. Domestic economic activity suffered gravely during Q1, as weakened demand, especially for services and supply imbalances, pushed GDP growth into deep negative territory. During Q1, real GDP contracted by 24.4 per cent y-o-y, the worst downtrend amongst the G20 nations. It was marked as the biggest contraction on record in Indian statistical history, where all the eight GDP segments, except for Agriculture, had seen major contractions, underpinned by the compression in demand and disruption in supply simultaneously. However, during Q2, the economy witnessed an ease in contraction with a 7.4 per cent figure, due to the lifting of restrictions, reopening of the economy and the various robust policy measures. After two consecutive quarters of contraction, the Q3 GDP grew by 0.4 per cent, while Q4 GDP grew more than expected by 1.6 per cent, pulling India out of a technical recession. The National Statistical Office (NSO) estimated a contraction of 7.3 per cent in the real GDP for the year 2020-21, the first contraction after four decades and the severest one.

During Q1, real GDP contracted by 24.4 per cent y-o-y, the worst downtrend amongst the G20 nations. It was marked as the biggest contraction on record in Indian statistical history, where all the eight GDP segments, except for Agriculture, had seen major contractions, underpinned by the compression in demand and disruption in supply simultaneously. However, during Q2, the economy witnessed an ease in contraction with a 7.4 per cent figure, due to the lifting of restrictions, reopening of the economy and the various robust policy measures. After two consecutive quarters of contraction, the Q3 GDP grew by 0.4 per cent, while Q4 GDP grew more than expected by 1.6 per cent, pulling India out of a technical recession. The National Statistical Office (NSO) estimated a contraction of 7.3 per cent in the real GDP for the year 2020-21, the first contraction after four decades and the severest one.

Gross Value Added (GVA) plunged by 6.2 per cent in FY 2020-21 as against a growth of 4.1 per cent in FY 2019-20, triggered by a downturn in the industrial and services sector. Private Final Consumption Expenditure (PFCE) slipped by 9.14 per cent witnessing the impact of the strict nationwide lockdown norms. The Gross Fixed Capital Formation (GFCF) sharply declined by 10.78 per cent in FY 2020-2021 reflecting a waning investment sentiment. Since the imports (-13.61 per cent) registered a sharp decline as against the exports (-4.68 per cent), the net exports showed a positive trend. Sector wise real GVA growth trends show that a majority of the sectors posted a negative growth. With a 3.6 per cent and 1.9 per cent real GVA growth in agriculture and utility services respectively, the two sectors proved their resilience during the time of pandemic. The construction sector shrank sharply (-8.6 per cent) driven by an inventory overhang in residential housing, and exacerbated by stressed liquidity and lockdown conditions. The mining and manufacturing sectors also shrank by 8.5 per cent and 7.2 per cent respectively. The contraction in the services sector (trade, hotels, transport, communication & broadcasting) of 18.2 per cent was unprecedented since the economy's independence. The contact-intensive sectors witnessed severe contractions due to disruption in consumer demand.

On the inflation front, the headline consumer price index (CPI) inflation remained stubbornly high, above RBI's upper tolerance band of the inflation target till November 2020. CPI inflation averaged at 6.20 per cent in FY 2020-21 as against 4.8 per cent in FY 2019-20. Lockdown induced supply disruptions, rise in fuel prices exacerbated cost-push prices in the economy, keeping inflation high during most part of the year.

Forex Market

In April 2020, the Indian Rupee touched an all-time intra-low of ₹ 76.91 per USD in line with the pandemic and subdued economic activities. During the second quarter, the rupee registered an appreciation in line with the optimism over recovery and healthy FPI inflows. But in September 2020, it marked some losses due to the border tensions. Again in November 2020, with the announcement of development of COVID-19 vaccines, the rupee showed an uptick. The trend of appreciating bias continued towards the last quarter, supported by capital inflows from FPIs and merchants. Following the global risk averse sentiments post US bond sell-offs, expectations of higher inflation and low auction demand, the Rupee took a steep dip during the last week of February 2021. On the whole, the INR gained 3.5 per cent y-o-y but showed underperformance vis-a-vis other major Asian economies.

Current Account Balance

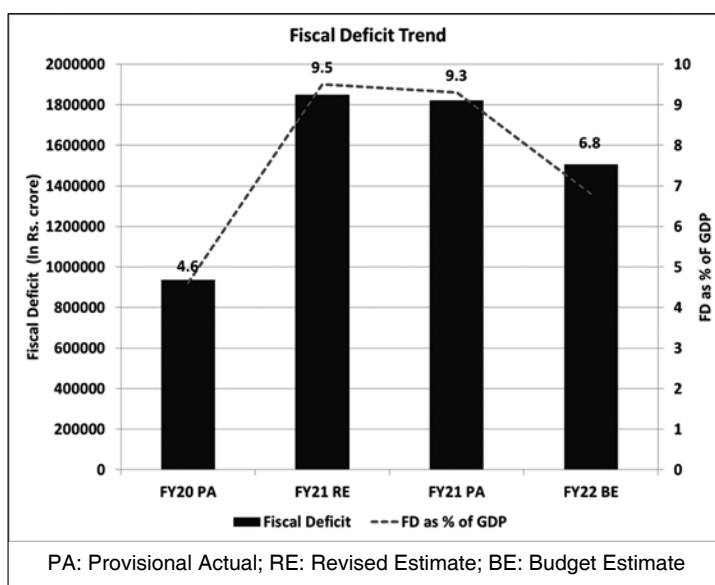

The current account recorded a surplus balance of 1.7 per cent during the period April-December FY 2020-21 as against last year's deficit of 1.2 per cent for the same period. This surplus was primarily on account of plunged import volumes, positive net terms of trade and the modest crude oil prices. The record surplus of Q3 went down during Q2, followed by a negative deficit during Q3. The easing contractions in both imports and exports and consequently, widening of the trade deficit gap underpinned the deficit recorded in the third quarter.

Under financial flows, the Foreign Direct Investment (FDI) and Foreign Portfolio Investment (FPI) recorded large inflows. Net FDIs were higher at 43.4 per cent in FY 2020-21 as against 43.0 per cent in FY 2019-20, flowing mainly into computer services (around 43.9 per cent). Outward FDI registered a y-o-y dip by 13 per cent. In spite of a sell-off in the debt segment during Q1 of FY 2020-21, the exposures of FPIs in the subsequent quarters resulted in total inflows of USD 37.1 billion during the year. Abundant liquidity due to easing monetary policies, optimism on vaccine development and fiscal stimulus in the US caused this upsurge in the EMEs. Financial services, software services and oil and gas were the 67 per cent recipient of the inflows. Cumulative FPI under Voluntary Retention Rule (VRR) amounted to USD 14.8 billion till March end, 2021. Net External Commercial Borrowings (ECBs) recorded at -0.6 per cent as against 21.7 per cent last year. Net International Investment Position (NIIP) i.e., the difference between a country's external financial assets and liabilities, improved by USD 34.6 billion during March 2020 to December 2020. India's foreign exchange reserves were placed at a robust USD 579.29 billion as on 26th March 2021, posting a growth of ~21 per cent y-o-y, buoyed by healthy FDIs and FPIs and current account surplus during the year.

Fiscal Deficit

During FY 2020-21, the fiscal deficit reflected a nearly three-fold increase mainly due to a series of unplanned government expenditures towards the introduction of a number of relief packages, provision of liquidity, providing subsidies to units like Food Corporation of India (FCI) and other expenditures to contain the spread of pandemic and revive the economy. The gross fiscal deficit during FY 2020-21 was around 9.3 per cent (as per provisional figure by CGA) as against the base estimate of 3.5 per cent and the previous year's figure of 4.6 per cent.

In terms of monetary value for the Central government's total expenditure, the provisional actual stands at ₹ 35.11 lakh crore against the budget estimate of ₹ 30.42 lakh crore. The gross fiscal deficit for the upcoming FY 2021-22 is estimated at 6.8 per cent. The government plans to cover up the gap by the way of increasing the buoyancy of tax revenues and an ambitious disinvestment target of ₹1.75 lakh crore.

Government Borrowings

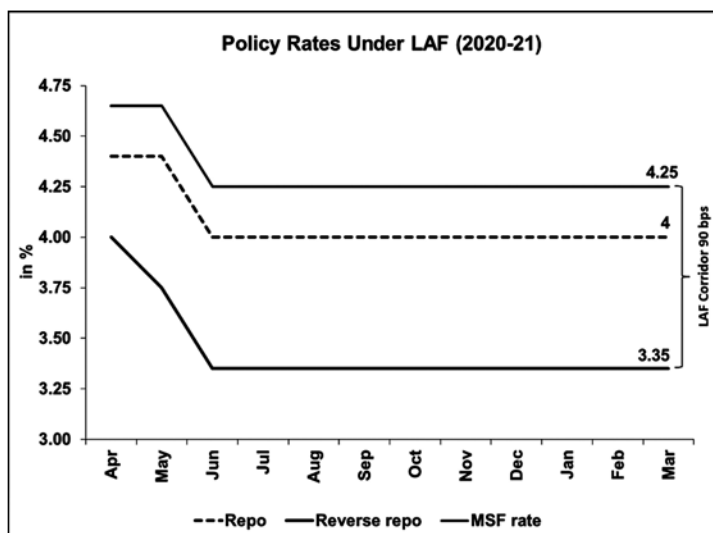

The gross market borrowings of the Centre surged to ₹13.7 lakh crore in the FY 2020-21, from the budgeted amount of ₹7.8 lakh crore. The planned borrowing was initially increased by ₹4.20 lakh crore, followed by two more additions of ₹1.10 lakh crore to meet the shortfall in GST compensation cess (under a special window given to the states and UTs) and ₹80,000 crore on February 1, 2021. The last auction of ₹20,000 crore was cancelled as Government cash balance remained healthy towards the end of the year. Nonetheless, the record borrowings by the government led to higher devolvement of ₹1.31 lakh crore on Primary Dealers during FY 2020-21 as compared to ₹3,606 crore in the previous year.

Irrespective of this big jump, the government was not only able to stick to its borrowing plan in an undisrupted fashion, but could also raise funds at a 17-year low weighted average cost (WAC) along with a higher weighted average maturity (WAM) of dated government securities. The injection of surplus liquidity in the system contributed towards the decline of weighted average yield (WAY) of G-sec issuances by 106 basis points to 5.79 per cent. In response to the adverse impact of the pandemic on the finances of the state, the Central Bank increased the Ways & Measures Advances (WMA) limit by 60 basis points in April 2020, which was initially extended till 31 March, 2021 and then further extended till 30 September 2021, following the recommendation of Advisory Committee on WMA to State Governments (2021). The combined gross borrowings of the Centre and the States shot up by 61.3 per cent to ₹21.69 lakh crore during FY 2020-21. Going forward, for FY 2021-22, the target for central government borrowings and the gross fiscal deficit stands at ₹12.05 lakh crore and 6.8 per cent respectively.

Monetary Policy & Liquidity Management

The monetary policy and the liquidity framework throughout the year was directed towards mitigation of the impact of the pandemic via maintaining an ample system-level liquidity and targeted liquidity to support the vulnerable sectors of the economy. During the FY 2020-21, the system continued to be in surplus liquidity underpinned by the various monetary measures as well large capital inflows. On account of maintaining an accommodative stance, the policy repo rate and reverse repo rate were reduced by 40 bps to 4.0 per cent (down from 4.40 per cent) and 3.35 per cent (down from 3.75 per cent) in May 2020. The interest rate corridor was made asymmetrical with the reverse repo rate maintained at 90 bps below the bank rate in order to incentivize bank lending. RBI also resorted to unconventional liquidity boosting measure, primarily Operation Twists, LTRO and targeted LTROs to inject liquidity in the system and maintain financial system stability.

The FY 2020-21 witnessed nineteen auctions of operations twists (OTs). The total liquidity injected through 27 OMO auctions amounted to net purchases of ₹3.13 lakh crore. An on-tap 3-year liquidity window up to ₹1 lakh crore at a floating rate linked to policy rate was introduced in October 2020. Apart from this, the Reserve Bank also decided to conduct a special 3-year long term repo operations (SLTROs) of ₹10,000 crore for Small Finance banks, to be deployed for fresh lending of up to ₹10 lakh per borrower. Two 56-day term repo auctions were conducted amounting to ₹1 lakh crore at the existing repo rate during mid-September and two variable repo rate operations (11-day and 5-day tenors) were conducted to manage the year-end liquidity pressure. The total liquidity injection through above operations was ₹1,000 crore and ₹500 crore respectively. In the fourth quarter of the year, amidst record liquidity levels in the system, RBI announced to restore liquidity conditions towards normalcy in a phased manner. RBI conducted five variable rate reverse repo auctions of ₹2 lakh crore each from January 15, 2021 to March 12, 2021. RBI through its wide array of conventional and unconventional measures, helped in maintaining financial system stability and preventing systemic stress during the crisis.

Treasury Bill Market

During FY 2020-21, the borrowings through T-Bills (Including CMBs of ₹80,000) stood at ₹14,90,000 crore. The cut-off yield on 91 DTB eased from 4.30 per cent in the beginning of the year to 3.32 per cent in the end, cut-off yield on 182 DTB declined from 4.58 per cent in beginning of the year to 3.47 per cent in the end and the cut-off yield on 364 DTB declined from 4.62 per cent in the beginning of the year to 3.83 per cent in the end. With the pandemic policies at work, sufficient liquidity prevailed in the market during the year, hence, which resulted in significant easing of short-term yields.

Government Dated Securities

Primary Market

During FY 2020-21, the gross borrowings through dated issuances stood was 93.0 per cent higher (stood at ₹13,75,654 crore), while net borrowings were 141.2 per cent higher than previous year. The weighted average maturity of issuances (excluding switch auction issuances) stood lower at 14.49 years during FY 2020-21 vis-a-vis 16.15 years in the previous year. The weighted average yield of dated securities issued during FY 2020-21 stood at 5.79 per cent as against 6.85 per cent in the previous fiscal.

Secondary Market

The 10-year government securities yield firmed 4 bps to close the year (March 31, 2021) at 6.18 per cent as against 6.14 per cent last year (March 31, 2020). The average generic yields for both 5-year and 10-year tenors was recorded at record decadal-lows, which in return facilitated the non-disrupted government borrowing plan at a record low weighted average cost. Amid rising concerns over higher CPI inflation, higher government debt supply and a continued foreign portfolio investment in the debt segment, the excess liquidity in the market helped to keep the yields harboured.

During Q1:2020-21, the 10-yr generic yield eased by 25 bps tracking the Reserve Bank's announcement of Statutory Liquidity Facility for Mutual Funds (SLF MF), ebbing crude oil prices and reduction in repo rate by 40 bps. In Q2: 2020-21, the generic G-sec yields shot up by 13 bps on the back of a neutral policy rate stance and a higher than expected CPI inflation. Later in August 2020, the lower than expected CPI inflation data release and a series of Reserve Bank's measures pulled down the yields again. This softening of yields continued till the next quarter triggered by an announcement of conduct of Open Market Operations (OMO) in State Development Loans (SDLs), expansion of OMO purchases, extension of held till maturity (HTM) benefit by one more year, upto March 2022. During Q4:2020-21, the G-sec yields at first eased owing to the buying support by Mutual Funds and Foreign banks. Thereafter, it bounced back and remained largely firm in response to announcement of additional government borrowings, the surge in US treasury yields and crude oil price rebound. To support the interest rates and maintain congenial conditions in the bond market, the OMO operations were expanded both in terms of size and frequency. During FY 2020-21, RBI purchased securities worth ₹ 3,02,132 crore through OMO auctions and another ₹ 2,07,163 crore through other operations. Besides, RBI also included SDLs under its OMO to improve liquidity. Such dynamic and extensive use of OMOs helped to maintain the risk appetite of the participants in the market, despite heavy primary market supplies of both central government securities and state development loans.

COMPANY PERFORMANCE

Primary Market

In primary market, the Company continued to comply with all the regulatory requirements of bidding under Minimum Underwriting Commitments (MUC) and Additional Competitive Underwriting (ACU) for Primary Dealers. During FY 2020-21, the Company earned an underwriting commission of ₹ 15.91 crore as against previous year's commission of ₹ 1.46 crore. During the year, government securities aggregating ₹ 4635 crore were devolved on the Company. In treasury bill auctions, during the first half, GOI raised ₹ 9,55,000 crore as against ₹ 4,68,000 crore in the corresponding period of last fiscal. In the second half, GOI raised ₹ 4,55,000 crore through T-bills as against ₹ 4,29,000 crore raised in corresponding period of last fiscal. In order to tide over temporary cash flow mismatches, GOI issued CMBs aggregating ₹ 80,000 crore in FY 2020-21 as against ₹ 3,00,000 crore in FY 2019-20. Against these issuances of T-bills and CMBs, Company submitted bids aggregating to ₹ 1,73,928 crore against the commitment of ₹ 1,04,264 crore (being 7 per cent of notified amount). Out of this, bids amounting to ₹ 44,182 crore were accepted. Fulfilling its primary market commitment, Company achieved success ratio of 42.55 per cent and 41.98 per cent in H1 and H2 respectively in FY 2020-21, as against the statutory requirement of 40 per cent.

Secondary Market

During FY 2020-21, total secondary market outright turnover registered by the Company stood at ₹ 5,77,210 crore as against ₹ 7,86,685 crore in FY 2019-20. The Central Government security segment recorded a turnover of ₹ 4,33,501 crore followed by SDLs which registered a turnover of ₹ 57,550 crore. Treasury bills recorded turnover of ₹ 47,826 crore. Company's total turnover ratio (secondary market) stands at 338 times for treasury bills and 450 times for government-dated securities as on March 31, 2021 against the minimum RBI stipulation of 10 times and 5 times respectively.

Portfolio Size and Composition

With interest rate and liquidity environment turning favourable amidst sharp deceleration in economic activity, Company maintained an optimum level of portfolio, in order to take advantage of arbitrage as well as trading opportunities. During FY 2020-21, dated securities (central and state government) holding level averaged at ₹ 9301 crore (₹ 8166 crore in FY 2019-20) with peak holding level of ₹ 12,556 crore (₹ 10,707 crore in FY 2019-20). Daily average holding in T-bills during FY 2020-21 stood at ₹ 1765 crore (₹ 870.24 crore in FY 2019-20) whereas the peak holding in T-bills stood at ₹ 5089 crore (₹ 2938 crore in FY 2019-20).

Liability Mix

During the year, the Company judiciously utilized different sources of borrowings viz. Call Money, TREP, Repo, LAF, etc. for active fund management. The average gross borrowings from all sources during FY 2020-21 amounted to ₹ 11,978 crores as against ₹ 9807 crores in FY 2019-20. During FY 2020-21, Company raised funds aggregating ₹ 1900 crore through issuance of Commercial Paper at weighted average rate of 3.55 per cent, with maximum outstanding not exceeding ₹ 1000 crore at any given point in time. The average leverage during FY 2020-21 was 10.41 times against 10.44 times in FY 2019-20, while the maximum leverage for the year stood at 15.16 times the NOF. The average cost of funds during FY 2020-21 stood at 3.30 per cent, lower than 5.28 per cent during FY 2019-20.

Trading Stance & Financial Performance

During FY 2020-21, bond markets were positively affected by unprecedented monetary measures taken by the central bank to support economic recovery, favorable global factors and decline in commodity prices. However, market also witnessed significant fluctuation in yields throughout the year due to adverse factors such as sharp rise in inflationary pressures, surge in government fiscal deficit (to provide stimulus to the economy) and the resultant rise in government borrowings. During FY 2020-21, the yield on the benchmark 10-year security closed at 6.18 per cent after touching a high of 6.50 per cent versus 6.14 per cent in FY 2019-20.

(₹ in Crore)

Despite the operational challenges in the COVID era, swift changes and volatility in market environment, Company continued to function smoothly, fulfilling its regulatory mandates while posting record profitability during the year. During the year, Company re-oriented its trading and investment strategies to take advantage of the low funding cost environment, which helped it to earn robust net interest income. An active trading and hedging strategy helped Company post excellent trading profits during the year. Consequently, Company's profitability surged by 145.93 per cent during FY 2020-21 with PBT at ₹ 614.35 crore as on March 31, 2021 and PAT also increased to ₹ 454.12 crore i.e. 143.69 per cent. During FY 2020-21 trading income stood at ₹ 252.56 crore (₹ 111.50 crore in FY 2019-20) and net interest margin stood at ₹ 384.02 crore (₹ 247.19 crore in FY 2019-20) respectively. The NOF of the Company increased to ₹ 1305.69 crore as on March 31, 2021 as against ₹ 1002.19 crore as on March 31, 2020 due to a robust rise in profitability. Similarly, the rise in profitability also led to significant jump in Return on Net-worth for FY 2020-21 to 39.35 per cent as against 19.74 per cent for FY 2019-20. Due to an increase in Company's NOF, the overall debt to equity ratio stood lower at 7.49 as on 31st March 2021 as compared with 11.20 as on 31st March 2020.

Increase in NOF during FY 2020-21 also resulted in an improved capital adequacy ratio. The Company is adequately capitalized with capital adequacy ratio of 45.58 per cent as on March 31, 2021, against RBI's minimum stipulation of

15 per cent. Besides, robust risk management systems kept the Company's risk profile in check throughout the year.

Risk Management

Company maintained a balanced composition of securities with an aim to maximize arbitrage income and also facilitate better trading opportunities. Risk management is a critical element of Company's trading business. The Company's mid-office is primarily responsible for formulating, reviewing and implementing the risk management policies, Value-at-Risk (VaR), PVBP limits, sensitivity analysis and cut-loss policies form the core of market risk management system. Impact of interest rate movements on the business and earnings profile, is mitigated by operating within a well-defined proactive stop loss limit and value-at-risk (VaR) limit. The Company also conducts sensitivity analysis of its portfolio to assess impact of parallel and non-parallel shifts in the yield curve on its earnings profile. Counterparty exposure limits and instrument-wise exposure limits were the primary tools used for managing the credit risk in the business. Similarly, well-established systems and procedures provided adequate defense against the operational risk.

Human Resource Development

Human resource development is given high weightage and Company employs the best HR practices to ensure a healthy and motivating work environment for its employees. Employee skills are constantly upgraded by providing training suitable to individual requirements. Besides, in-house lectures and workshops are also conducted on a regular basis to stimulate healthy exchange of ideas. Apart from skill enhancement trainings, emphasis is laid on exercises that re-engage, rejuvenate the employees and develop better bonds between co-workers translating in better team dynamics in the Company. The details regarding employees are given in the Board's Report. Total number of employees of the Company as on March 31, 2021 were 41 (including 1 employee on deputation from parent bank). The Company has maintained peaceful and harmonious relations with all its employees. There were no material developments recently in the PD Industry.

Internal Control Systems

The Company considers the internal control systems to be a very significant part of its Corporate Governance practices. Our Board has adopted the policies and procedures for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, prevention and detection of frauds etc. As a part of this control system, our Board appoints Internal Auditor as well. For the year 2020-21, the Board appointed M/s Lodha & Co., Chartered Accountants as the Internal Auditor of the Company. The scope of Internal Audit included audit of treasury transactions on a monthly basis and reporting to the Audit Committee of the Board that the Company has operated within the limits of various risk parameters laid down by the Board, Reserve Bank of India and other statutory authorities. Besides, the said firm also audited and reviewed the related party transactions on a monthly basis and key business processes, including IT systems of the Company on quarterly basis. All the reports of the Internal Auditor were submitted to the Audit Committee for necessary action.

Registration obtained from other financial sector regulators

During the year, Company has not taken membership from any regulator.

Corporate Social Responsibility

The Company's CSR initiatives focus on creating social values by contributing to the field of education, healthcare, environmental conservation etc. Company contributed ₹100 lakhs towards PM-CARES Fund, set up by Government of India for dealing with any kind of emergency or distress situation including the ongoing Covid-19 pandemic and ₹69.10 lakhs towards Army Welfare CSR Fund, which works towards the benefit of armed forces veterans, war widows and their dependents. The Company also contributed towards the field of education by contributing ₹15.93 lakhs to Delhi Xavier's 85 Charitable Trust, a registered trust, for repair and improvement of sports infrastructure for students at school. In the field of environmental conservation, Company contributed ₹22.88 lakhs to 'I Am Gurgaon', a registered society working in collaboration with municipal authorities of Gurugram for eco restoration of waterbody and habitat conservation of watershed, at Sikanderpur Village, Gurugram.

Strengths, Weaknesses, Opportunities and Threat Analysis

Strengths and Weaknesses

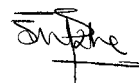

The Company is the only listed Primary Dealer in the country and has consistently displayed strong financial health. During previous year Company's NOF as on March 31, 2021 stood at ₹ 1305.69 crore. The Company operates with substantial Capital Adequacy Ratio (CAR) with comparatively low operational cost. CAR stood at 45.58 per cent for the year ended March 31, 2021. The Company has efficient risk management and research department responsible for monitoring, analysis and compliance with the latest IT infrastructure through which prudent analysis of portfolio is done on a regular basis. A strong compliance culture prevails across the organization, pursuant to its strategic goals of transparency and trust, among all its stakeholders. However, there are some constraining factors for Company like volatility in earnings because of interest rate movements and lack of diversity in revenue.

Opportunities and Threats

FY 2020-21 provided significant opportunities in terms of benign interest rates and huge surplus liquidity, which the Company leveraged to post record profitability. The new FY 2021-22 is likely to be characterized with increased volatility in yields and rise in cost of funding for the Company as revival in economy and rising inflation may prompt RBI to restore normalcy in monetary policy and liquidity. On the other hand, fiscal policy is unlikely to throw any positive surprises, as government spending will continue to contribute largely towards economic growth. Inflation scenario continues to remain adverse as prices of commodities in the global markets as well as in domestic markets face upward pressure amidst shortage of supplies and gradual but definite turn of demand. These factors shall pose risks to Company's earnings in FY 2021-22. However, these threats may fail to manifest completely if resurgence of pandemic continues to disrupt economic activity, which may impact consumer and investment demand gravely, hence requiring growth supportive measures for a longer period of time. In such a scenario, the normalization of liquidity and rates by RBI may have to be pushed farther, till a tangible revival is witnessed.

In order to tide over the upcoming challenges and leverage the available opportunities in an efficient manner, the Company proposes to be actively engaged in trading profitable opportunities as well as stay focused on generating a healthy net interest income. Company, through its competent trading skills and strong risk management systems, shall endeavor to generate better risk-adjusted returns through view based and opportunistic trading. Company shall endeavor to enter into newer products in the fixed income markets, while also strengthen its position in the existing fund and non-fund activities as permitted by RBI.

For shares which are due for transfer in FY 2021-22, the Company has already sent a specific communication to the concerned shareholders at their address registered with the Company/Depository Participant, inter alia, providing the details of the shares liable for such transfer and for taking appropriate action. These details are also available on the Company's website (www.pnbgilts.com).

- **Shareholders holding shares under more than one Folio/ Client ID:** This is in the interest of the shareholders who are holding shares under more than one Folio/Client ID that they get their holding consolidated under a single Folio/Client ID. This leads to a better follow-up on their grievances. Further, this will also help in avoiding multiple mailing of the Annual Reports, dividend instruments and other communication(s) to single person. Consolidation also provides convenience in maintaining the track of shares in best and easiest manner.
- The Board had accepted all the recommendations of the Board level Committees which are mandatorily required, in the FY 2020-21.

- ***The Company complies the following non-mandatory requirements under the Listing Regulations: -***

- 1. The Board**

Generally, the Chairman of the Board does not maintain his office at the expense of the Company.

- 2. Shareholder Rights**

The financial results are available on the website of the Company (www.pnbgilts.com). Further, the results had also been published in Financial Express and Jansatta.

- 3. Audit Qualifications**

The Company's financial statements are subject to Statutory and CAG Audit and both the audit reports are unqualified.

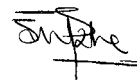

- 4. Reporting of Internal Auditor**

The Internal Auditor reports to Audit Committee through top management of the Company. The Internal Auditors participate and discuss freely in each meeting of the Audit Committee and the reports submitted by them, are discussed by the Audit Committee.

INDEPENDENT AUDITOR'S REPORT

To

The Members of PNB Gilts Ltd,

This revised Independent Auditor's Report is being issued in supersession of our earlier Independent Auditors' Report dated 22nd June 2021, at the instance of Comptroller & Auditor General (C&AG) of India. The revised report is being issued in view of certain modification in Annexure "B" of Companies Auditors Report Order 2016, as pointed out by C&AG of India in our earlier report. Further, we confirm that these changes do not affect true & fair view and our opinion as expressed earlier and also none of the figures have undergone any change in the Financial Statements of the Company as at 31st March 2021.

Report on the Audit of the Ind AS Financial Statements

We have audited the accompanying financial statements of PNB Gilts Ltd. ("the Company"), which comprise the Balance Sheet as at 31st March 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement for the year ended on that date and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2021, its profit, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the standards on Auditing as specified under section 143(10) of the Act (SAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are Independent to the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr.No.	Key Audit Matter	Auditor's Response
1.	<p>Evaluation of uncertain income tax positions:</p> <p>The Company has material uncertain income tax positions including matters under dispute which involves significant judgment to determine the possible outcome of these disputes.</p>	<p>Principal Audit Procedures:</p> <p>Obtained detailed positions of tax assessments and demands from the management duly certified by the tax retainers of the Company. We involved our internal experts to challenge the management's</p>

	Refer Note 37 to the Financial Statements.	underlying assumptions in estimating the tax provision and the possible outcome of the disputes. Our internal experts also considered legal precedence and other rulings in evaluating management's position on these uncertain tax positions. Additionally, we considered the effect of new information in respect of uncertain tax positions as at the time of audit to evaluate whether any change was required to management's position on these uncertainties.
2.	<p>Classification and Valuation of Investments, Identification of and provisioning for Non-Performing Investments (Note 17 read with Note 30 to the financial Statements) Investments include investments made by the Company in various Government Securities, Bonds, Debentures, Shares, Security receipts and other approved securities. Investments constitute 89.83 per cent of the Company's total assets. These are governed by the circulars and directives of the RBI. These directions of RBI, inter-alia, cover valuation of investments, classification of investments, identification of non-performing investments, the corresponding non-recognition of income and provision there against. The valuation of unquoted investments and thinly traded investments is an area of inherent risk because of market volatility, unavailability of reliable prices and macro-economic uncertainty. Accordingly, our audit was focused on valuation of investments, classification, identification of non-performing investments and provisioning related to investments. The valuation of each category (type) of the aforesaid securities is to be done as per the method prescribed in circulars and directives issued by the RBI which involves collection of data/information from various sources such as FIMMDA rates, rates quoted on BSE/NSE, financial statements of unlisted companies etc. Considering the complexities and extent of judgment involved in the valuation, volume of transactions, investments on hand and degree of regulatory focus, we determined the above area as a Key Audit Matter.</p>	<p>Our audit approach towards Investments with reference to the RBI Circulars/directives included the understanding of internal controls and substantive audit procedures in relation to valuation, classification, identification of non-performing investments (NPIs), provisioning related to Investments. In our audit –</p> <p>a) We evaluated and understood the Company's internal control system to comply with relevant RBI guidelines regarding valuation and provisioning related to investments.</p> <p>b) For the selected sample of investments in hand, we tested accuracy and compliance with the RBI Master Circulars and directions by re-performing valuation.</p> <p>c) We assessed and evaluated the process of identification of NPIs and corresponding reversal of income and creation of provision;</p> <p>d) We carried out substantive audit procedures to re-compute independently the provision to be maintained in accordance with the circulars and directives of the RBI.</p> <p>Accordingly, we selected samples and tested for NPIs as per the RBI guidelines and recomputed the valuations and provision to be maintained in accordance with the RBI Circular for those selected sample.</p>

Information other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Management / Board of Directors is responsible for the matters stated in Section 134(5) of the Act, with respect to preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance, change in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in

(i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
- In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - The Company has disclosed the impact of pending litigations on its financial position in its financial statements

- ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in Annexure "B", a statement on the matters specified in paragraphs 3 and 4 of the Order.
3. As required by the Comptroller and Auditor General of India through directions issued under section 143(5) of the Act, we give a report in the attached Annexure "C".

“Annexure- A” to the Independent Auditor’s Report

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of PNB Gilts Limited of even date)

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **PNB Gilts Ltd.** (“the Company”) as of 31st March, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that-

Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and

Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition

of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria approved by the Company's Board, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Comments of the Comptroller and Auditor General of India

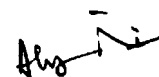

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6)(b) OF THE COMPANIES ACT, 2013 ON THE FINANCIAL STATEMENTS OF PNB GILTS LIMITED FOR THE YEAR ENDED 31 MARCH 2021

The preparation of financial statements of PNB Gilts Limited for the year ended 31 March 2021 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the management of the Company. The statutory auditor appointed by the Comptroller and Auditor General of India under section 139(5) of the Act is responsible for expressing opinion on the financial statements under section 143 of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143(10) of the Act. This is stated to have been done by them vide their Revised Audit Report dated 12 August 2021 which supersedes their earlier Audit report dated 22 June 2021.

I, on the behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the financial statements of PNB Gilts Limited for the year ended 31 March 2021 under section 143(6)(a) of the Act. This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of the accounting records.

In view of the revisions made in the statutory auditor's report, to give effect to some of my audit observations raised during supplementary audit, I have no further comments to offer upon or supplementary to the statutory auditors' report under section 143(6)(b) of the Act.

NOTE 1

A. Corporate information

PNB Gilts Limited is a public limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The Company has been granted the License of NBFC by the Reserve Bank of India and working as a Standalone Primary Dealer. The Company's primary activities entail supporting government borrowing program via underwriting of government securities issuances and trade in a gamut of fixed income instruments such as Government Securities, Treasury Bills, State Development Loans, Corporate Bonds, Interest Rate Swaps and various money market instruments such as Certificates of Deposits, Commercial Papers etc. The Company has dedicated trading desk managed by experienced professionals having strong research and market insights. The Company is also providing custodian services to its constituents. The Company's registered office is at 5, Sansad Marg, New Delhi, India. The Company is also a subsidiary of one of the largest Indian commercial bank Punjab National Bank.

B. Basis of preparation

Statement of Compliance

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 and subsequent amendments thereto and comply with the relevant provisions of the Companies Act 2013 and the Reserve Bank of India guidelines as applicable to the Primary Dealers and NBFC.

Basis of Measurement

The financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities (refer accounting policy no VII regarding financial instruments) which have been measured at fair value.

Functional & Presentation Currency

The Company's presentation and functional currency is Indian rupees. All amounts in these financial statements, except per share amounts and unless as stated otherwise, have been rounded off to two decimal places and have been presented in lakhs.

Presentation of Financial Statements

The Company presents its balance sheet in order of liquidity. An analysis regarding recovery or settlement within 12 months after the reporting date (current) and more than 12 months after the reporting date (non-current) is presented in Note no. 39 "Maturity Analysis of assets and liabilities".

Financial assets and financial liabilities are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis in all of the following circumstances:

- The normal course of business
- The event of default
- The event of insolvency or bankruptcy of the Company and/or its counterparties

Derivative assets and liabilities with master netting arrangements are only presented net when they satisfy the eligibility of netting for all of the above criteria and not just in the event of default.

NOTE 2

C. Summary of significant accounting policies

1a. Property, plant and equipment (PPE) and intangible assets

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment and intangible assets as at 31 March 2017, measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment and intangible assets as on 1 April 2017.

PPE are stated at cost (including incidental expenses directly attributable to bringing the asset to its working condition for its intended use) less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

Subsequent expenditure related to PPE is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of item can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in the statement of profit and loss when the asset is derecognised.

An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Company. Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

Ib. Investment Properties

The company has elected to continue with the carrying value for all of its investment property as recognised in its Indian GAAP financial statements as deemed cost on the transition date, vis 1st April, 2017.

The flats classified as Investment Property are purchased for the staff. However, in view of no requirement by the staff members, they are given to the PNB employees only for a period of 11 months with two/ more extensions.

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

The cost includes the cost of replacing parts and borrowing cost for long term construction projects if the recognition criteria are met. When significant parts of the investment property are required to be replaced at intervals, the company depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in statement of profit or loss as incurred.

The company depreciates investment property over 60 years from the date of original purchase.

Though the company measures investment property using cost based measurement, the fair value of investment property is disclosed in the Note 11A of the financial statements.

Investment properties are derecognised either when they have been disposed off or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in statement of profit or loss in the period of derecognition.

Ic. Depreciation on Property, plant and equipment, Investment Properties and Amortization of intangible assets

The depreciation on the Property plant and equipment is calculated on a Written Down Value (WDV) basis using the rates arrived at, based on useful lives estimated by the management, which coincides with the lives prescribed under Schedule II of the Companies Act, 2013. Residual value of Land & Building and Vehicles is taken as 5 percent of the original cost, whereas for assets other than those specified above the residual value is taken as Re.1.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss.

II. Leases

The Company has applied Ind AS 116 - 'Leases' using the modified retrospective approach.

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee:

The Company's lease asset classes primarily consist of leases for buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the Incremental borrowing rates in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet.

Leases which have expired have not been accounted as per Ind AS 116.

The Company as a lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

Transition

Effective April 1, 2019, the Company adopted Ind AS 116 "Leases" and applied the standard to all lease contracts existing on April 1, 2019 using simplified approach under the modified retrospective method. Under this option, the Company has recognised lease liability measured at an amount equal to present value of remaining lease payments

using the incremental borrowing rate as at April 1, 2019 and corresponding ROU asset is measured at an amount equivalent to lease liability. the company applied a single discount rate to a portfolio of leases of similar assets in similar economic environment.

III. Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's fair value less costs of disposal and its value in use (i.e. the present value of the future cash flows expected to be derived from an asset or cash generating unit). The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Company of assets. When the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. Impairment loss, if any, will be charged to statement of profit and loss, unless the asset is carried at revalued amount in accordance with another standard. Any impairment loss of a revalued asset shall be treated as a revaluation decrease in accordance with that other standard.

IV. Provisions, Contingent liabilities and Contingent assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is charged/ provided in the statement of profit and loss.

The Company does not recognize a contingent liability but discloses its existence in the financial statements. Contingent liability is disclosed in the case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will not be required to settle the obligation
- A present obligation arising from past events, when no reliable estimate is possible
- A possible obligation arising from past events, unless the probability of outflow of resources is remote

Contingent liabilities are reviewed at each reporting date.

Contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits to the entity. Contingent assets are recognized when the realization of income is virtually certain, then the related asset is not a contingent asset and its recognition is appropriate. Contingent assets are reviewed at each reporting date. A contingent asset is disclosed where an inflow of economic benefits is probable.

V. Accounting of Expenses

Expenses as interest and other expenses are accounted for on accrual basis

VI. Employee Benefit Expenses

Employee benefits (other than termination benefits) that are expected to be settled wholly before twelve months after the end of the annual reporting period in which the employees render the related service are classified as short-term employee benefits. Benefits such as salaries, wages and bonus etc., are recognised in the statement of profit and loss in the period in which the employee renders the related service.

Defined contribution

- i. Retirement benefit in the form of provident fund is a defined contribution scheme and the contributions are charged to the Statement of Profit and Loss of the period when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the respective fund.

Defined benefit Plan

Leave liability is defined benefit obligation which is unfunded. The cost of providing benefits under the defined benefit

plan is determined using the projected unit credit method with actuarial valuations being carried out at each reporting date. Gratuity under the employee group gratuity cum life insurance scheme of LIC is defined benefit obligation which is funded and the cost of providing benefits under the defined benefit plan is determined using the projected unit credit method provided by LIC.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through other comprehensive income (OCI) in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods. Past service costs are recognised in profit or loss on the earlier of:

- i. The date of the plan amendment or curtailment, and
- ii. The date that the Company recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- i. Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- ii. Net interest expense or income

VII. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the settlement date.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in three categories:

- ◆ Debt instruments at amortised cost
- ◆ Debt instruments at fair value through other comprehensive income (FVTOCI)
- ◆ Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)

i. Debt Instruments at Amortised cost:

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR.

ii. *Debt instruments at FVTOCI*

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI).

iii. *Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)*

Debt instrument at FVTPL: FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Equity investments: All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. All other equity instruments are classified as per provisions of relevant Ind AS.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Derivative financial instruments: The Company uses derivative financial instruments, such as Future contracts, Options, Interest rate Future contracts for trading purpose and interest rate swaps for trading as well as to hedge its interest rate risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value and the resulting gain or loss is recognized in statement of Profit and Loss. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Impairment of financial assets

In accordance with Ind AS 109, the company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities and deposits.

For recognition of impairment loss on financial assets and risk exposure, the company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss (P&L).

Financial liabilities

Initial recognition and measurement

A financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

Subsequent measurement

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL, if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense,

are recognised in statement of profit and loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

VIII. Cash flow statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effect of transactions of a non cash nature, any deferral or accruals of past and future operating cash receipts or payments and items of income associated with investing or financing cash flows.

IX. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand, short-term deposits and other highly liquid investments, with an original maturity of three months or less and are readily convertible into known amounts of cash, which are subject to an insignificant risk of changes in value.

For the purpose of the Financial Statements, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

X. Fair value measurement

The Company has used the following methods for deriving the fair values:

- i. Fair Value of Government dated Securities, Treasury Bills (including Cash Management Bills), State development loans, Interest Rate Swaps, Certificates of Deposit and PSU/Corporate bonds & debentures, is determined by the prices or yield, as applicable, declared by Fixed Income Money Market and Derivatives Association of India (FIMMDA)/Financial Benchmark India Private Limited (FBIL) on last working day of the Financial Year.
- ii. In case of Commercial Papers, company shall use market observable spread over T Bill curve and based on that new benchmark (T-Bill+constant spread across the curve) company shall interpolate and calculate CP prices corresponding to the residual maturities.
- iii. Fair value of Equity Shares is determined by the closing rates provided by the stock exchanges on last working day of the Financial Year
- iv. In case of units of Mutual Fund, valuation is done on the basis of closing NAV declared by the Mutual Fund.
- v. In case of Future & Options contracts (i.e IRF, Equity futures & Nifty futures) valuation is done as per the closing prices provided by Stock Holding Corporation of India Limited (SHCIL).

XI. Revenue recognition

- i. Interest income, for all debt instruments measured either at amortised cost (Short term lending and Fixed deposits) or at fair value through other comprehensive income, is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. The calculation takes into account all contractual terms of the financial instrument (for example, prepayment options) and includes any fees or incremental costs that are incrementally directly attributable to the instrument and are an integral part of the EIR, but not future credit losses.
- ii. Changes in fair value of securities classified at fair value through profit and loss (FVTPL) (Certificates of Deposit, Commercial Papers, Bills Re-discounted, Treasury Bills (including Cash Management Bills), Zero Coupon Bonds, Government dated securities (including State Development Loan), Corporate bonds & debentures, Equity shares and Mutual funds) shall be taken to Profit and Loss.

- iii. The difference between the acquisition cost and maturity value of Certificates of Deposit, Commercial Papers, Bills Re-discounted, Treasury Bills (including Cash Management Bills) and Zero Coupon Bonds is apportioned on time basis. The above is recognised as accrued income.
- iv. Interest income on Government Dated Securities and Corporate Bonds & Debentures is recognised at its coupon rate and that of Floating Rate Bonds is recognised on the yield of instruments to which these are linked
- v. Dividend income is recognized when the Company's right to receive payment is established by the reporting date.
- vi. Underwriting fees: Fees that are an integral part of the effective interest rate of a financial instrument are generally treated as an adjustment to the effective interest rate. However, when the financial instrument is measured at fair value with the change in fair value recognised in profit or loss, the fees are recognised as part of the fair value when the instrument is initially recognized.
- vii. Commission & other fees: Commission & other fees will be recognized as and when the performance obligation is satisfied as per IND AS 115.
- viii. Other income received through rent, interest on staff loans, house rent recovery and Misc. Income are accounted for on accrual basis.

XII. Taxes

Tax expense comprises current and deferred tax.

Current income tax

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

XIII. Segment Reporting

Operating segments are reported in a manner consistent with internal reporting provided to the chief operating decision maker. The board of directors of the Company assesses the financial performance and position of the company and makes the strategic decisions.

XIV. Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

XV. Dividend and Tax on Dividend

The Company recognises a liability to make cash distributions to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

XVI. Corporate Social Responsibility ('CSR') expenditure

The Company charges its CSR expenditure during the year to the statement of profit and loss.

XVII. Accounting for Repo Transactions

Sales / Purchases of Treasury Bills (including Cash Management Bills) and Government Dated Securities, as disclosed in Statement of Profit and Loss do not include Repo/Reverse Repo transactions in accordance with RBI guidelines No. RBI/2009-2010/356/IDMD/4135/11.08.43/2009-10 dated March 23, 2010.

In conformity with RBI guidelines, securities sold under Repo transactions are not excluded from the portfolio and the securities purchased under Reverse Repo are not included in the portfolio. Contra heads are used to reflect the transfer of securities.

Repo seller continues to accrue coupon/ discount on securities, as the case may be, even during the repo period while the repo buyer shall not accrue the same.

Part II

Hedging activities and derivatives

The Company is exposed to certain risks relating to its ongoing business operations. The primary risks managed using derivative instruments are interest rate risk.

Derivatives not designated as hedging instruments (Undesignated derivatives)

The Company uses interest rate swaps to manage its interest rate risk arising from INR denominated borrowings. The interest rate swaps are not designated in a hedging relationship and are entered into for periods consistent with exposure of the underlying transactions, generally from 6 to 36 months. Details of the derivative instruments held for hedging purpose is given below, the same are not designated as hedging instruments and therefore, hedge accounting is not done.

Effective April 10, 2019, the Company has adopted Ind AS 116 'Leases' and applied the same to all lease contracts existing on April 01, 2019 using the modified retrospective approach with right of use asset recognised at an amount equal to the adjusted lease liability. Accordingly, comparative figures for the corresponding periods, for the year ended and as at March 30, 2019 have not been retrospectively adjusted.

As per Ind AS 116-Leases applicable for April, 01, 2019, the amount of depreciation charged on Right of Use Asset for the financial year ending March 31, 2021 amounts of Rs. 36.52 lacs (P.Y. Rs. 36.62 lacs), amount charge as interest expense of leased liability under the Finance cost amount to Rs. 3.79 lacs (P.Y. Rs. 6.83 lacs) and the actual lease rent reversed from the administrative expenses for the period 20-21 amounts to Rs. 40.58 lacs (P.Y. Rs. 40.58 lacs). The net charge to the Statement of Profit and Loss comes to Rs. (0.27) lacs (P.Y. Rs. 2.87 lacs). The policy relating to Leases is explained in Note 2 (II).

Note 11D: Right to Use Asset (contd.)

#1 and #2

Srei Equipment Finance Limited (SEFL) had approached National Company Law Tribunal (NCLT), Kolkata with a Scheme of Arrangement. The Scheme of Arrangement broadly proposes a moratorium in terms of coupon payments from January 1, 2021 to June 30, 2021 along with postponement of redemption dates based on the type of creditor. Consequent to the Scheme of Arrangement proposed by the Company, Hon'ble NCLT, Kolkata passed an order dated December 30, 2020.

The NCLT order stated the following: "In exercise of powers conferred u/s. 230 of the Companies Act, 2013 read with Rule 11 of NCLT Rules, 2016 and until the Scheme is considered by the said creditors and this Tribunal and to protect the interest of stakeholders, we direct that in the meantime till further orders, the Creditors (including representative security and debenture trustees) of the Applicant Company covered under the Scheme shall maintain status quo with respect to their respective contractual terms dues claims and rights and the creditors (including security and debenture trustees) and all governmental or regulatory authorities shall be stopped from taking any coercive steps including reporting in any form and/or changing the account status of the Company from being a standard asset, which will prejudicially affect the company and/or sanctioning and/or implementation of the Scheme. It is further directed that the Credit Rating Agencies shall not consider any such non-payment to be a default under the respective debt documents and shall maintain the rating(s) of SEFL at least that of investment grade."

As per the NCLT order, the meeting of Secured debenture trustees/holders will be held on May 15, 2021, May 29, 2021, June 12, 2021, June 26, 2021, July 10, 2021, July 24, 2021 respectively for the purpose of their considering, and if thought fit, approving, with or without modification, the said Scheme of Arrangement.

The Company holds 9.60% SREI EQUIPMENT FINANCE LTD DB 25-05-2028 security with a Face value of 23.50 Crore and its interest payment of Rs. 2.26 crore was not received on the due date (31st March 2021). In view of the above NCLT order, we can't consider Srei Equipment Finance Limited (SEFL) as a default.

However, the same paper has been traded in market at a price of Rs. 31.50 and valued at Rs. 740.25 lacs and loss of Rs. 1,587.59 lacs is booked under 'fair value change-unrealised' in the statement of profit and loss. In addition to that, provision for Interest accrued of Rs, 226.22 lacs and the market value of Rs. 740.25 lacs outstanding in the books as on 31.03.2021 has been shown under exceptional items in the Statement of Profit and Loss.

#3

The Company received underwriting commission from the Reserve Bank of India (RBI) towards underwriting issuances of government securities. RBI vide its letter dated December 01, 2020 proposed to reimburse the ST/GST on the total underwriting commission paid by RBI from July 01, 2012 to Nov 2020. The exceptional item for Q4 2021 and FY 2021 includes Rs. 93.88 lacs of underwriting fee relating to the period from July 01, 2017 to March 31, 2020. Note 33

1. FVTPL financial assets

Ind AS requires FVTPL investments to be measured at fair value and account for both depreciation and appreciation in fair value.

2. Derivative adjustment

Under Ind AS all the Derivatives contracts (Hedging as well as Trading purpose) are measured at Fair value and both depreciation as well as appreciation will be accounted for.

Also, Credit Value Adjustment has been recorded under Ind AS for outstanding derivative liabilities under Ind AS.

3. Fair value of Staff loans

Under Ind AS loans are fair valued and the difference between Fair value and nominal value is recognized as employee cost. This benefit is passed over the tenure of the loan & not on origination, so employee cost would be deferred over the tenure of the loan/ remaining service period whichever is shorter. Also interest income is redetermined by the market rate and the differential amount is charged under Interest income.

4. Defined benefit liabilities

Under Ind AS, remeasurements [comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets excluding amounts included in net interest on the net defined benefit liability] are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI.

5. Company's consultants:

Tax Consultant- Vinod Krishna & Associates

Actuary-Dr. Y.P. Sabharwal

GST Consultant- A.K. Batra and Associates

6. Standards not yet Effective

The Ind AS notified on 16.02.2015 included Ind AS 104, Insurance Contracts (Converged with IFRS 4 Insurance Contracts). The Institute of Chartered Accountants of India (ICAI) issued an exposure draft of Ind AS 117, Insurance Contracts which is consistent with IFRS 17. Ind AS 117 is yet to be notified by MCA. However, this is not applicable to our company.

Note 35: Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, securities premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The Company monitors capital using a capital adequacy ratio, which is weighted assets divided by total capital derived as per the RBI requirements. As per the RBI guidelines, the Company being a Non Banking Finance Company has to maintain 15% of capital adequacy ratio.

The actual Capital Adequacy Ratio is as under:

	31st March, 2021	31st March, 2020
Capital Adequacy Ratio	45.58%	32.47%

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

No changes were made in the objectives, policies or processes for managing capital during the years ended 31st March, 2021 and 31st March, 2020.

Note 37:Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

Note 40: Risk Management

Introduction and risk profile

The Company is primarily a dealer in debt and money market instruments. In view of the intrinsic nature of operations, the Company is exposed to a variety of risks, which can be broadly classified into credit risk, market risk and liquidity risk. It is also subject to various regulatory risks and operational risks. Well-established systems and procedures provide adequate defense against the regulatory and operational risk.

Risk management struture and policies

In terms of RBI guidelines for NBFCs, the Risk Management Committee, has been entrusted with the responsibility by the Board in laying down procedures for risk assessment and minimization. The Committee also reviews these procedures periodically to ensure that executive management is implementing and controlling the risks through means of a properly defined risk framework. Risk Management Policy is reviewed annually by the Audit Committee and on the basis of the Committee's recommendation, the Board approves the same. On the recommendation of the Committee, PVB (Price value of a basis point) limit of the trading portfolio increased from Rs. 450 lacs to Rs. 550 Lacs (PY Rs. 300 lacs to Rs. 450 Lacs). The one day VaR limit was also revised from Rs. 60 crore to 7.5% of audited NOF or quarter end NOF (whichever is lower) on the entire marked to market portfolio (PY Rs. 60 cr). Leverage limit was revised from 14.5 times to 20 times quarter end Board approved NOF (PY 13 times to 14.5 times of NOF trailing 3 months' average).

(A) Liquidity risk

Liquidity risk is defined as the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises because of the possibility that the Company might be unable to meet its payment obligations when they fall due as a result of mismatches in the timing of the cash flows under both normal and stress circumstances.

The Company manages its liquidity requirement by analysing the maturity pattern of Company's cash flows of financial assets and financial liabilities. The Asset Liability Management of the Company is periodically reviewed by the Board.

The table below summarises the maturity profile of the undiscounted cash flows of the Company's financial liabilities as at 31st March, 2021:

The Liquidity Coverage Ratio for 20-21 is 119.31 (P.Y. 152.63)

(B) Credit Risk

Credit risk is the risk that the Company will incur a loss because its customers or counterparties fail to discharge their contractual obligations. Counterparty exposure limits and instrument-wise exposure limits are the primary tools used for managing the credit risk in the business. The Company uses the Current Exposure (CE) method for calculating credit exposure on derivative transactions as mentioned in RBI's capital adequacy guidelines for Primary Dealer's.

Analysis of risk concentration

In terms of paragraph 18 of the RBI notification **DNBS (PD) CC No.178/03.02.001/2010-11** dated 1st July 2010, all the non-deposit taking non-banking financial companies shall adhere to the specific regulations limiting concentration in credit / investment to a single borrower or group of borrowers in a company. However, these concentration/ceilings would not be applicable where principal and interest are fully guaranteed by the Government of India. The maximum credit exposure, to any single borrower or counterparty was Rs. 31,500.00 lacs (P.Y. 2019-20 Rs. 25,023.63 lacs) and to single group of borrower or counterparty was Rs. 26,975.00 lacs (P.Y. 2019-20 Rs. 34,088.56 lacs), before and after taking into account collateral or other credit enhancements.

C) Market Risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates and equity prices. Value-at-Risk (VaR), Price Value of a Basis Point (PVBP) limits, sensitivity analysis and cut-loss policies form the core of market risk management system. Impact of interest rate movements on the business and earnings profile, is mitigated by operating within a well-defined proactive stop loss limit and value-at-risk (VaR) limit. The company also conducts sensitivity analysis of its portfolio to assess impact of parallel and non-parallel shifts in the yield curve on its earnings profile. Risk concentrations are restricted with specific limits mentioned above.

The Company's exposure to market risk is segregated into trading and non-trading portfolios :

Market risk – trading

Internal Value-At-Risk model(VaR model) is performed to compute the market risk of trading portfolio. For computing market risk, the Company uses the historical simulation non-parametric approach. Under this approach, the risk measure is an estimate of the amount that could be lost on trading portfolio in a 1 day holding period due to general market movements such as Interest rate risk, Spread risk, price risk etc over 250 trading days, at 99% confidence level.

Objective

Historical Simulation is the procedure for predicting value at risk (VaR) by “simulating” or constructing the cumulative distribution function of asset returns over time. It does not require any statistical assumption beyond stationary of the distribution of returns or, in particular, their volatility.

Limitation:

The limitation of the historical simulation lies in its I.I.D. (independent, identically distributed) assumption of returns. From empirical evidence, it is known that asset returns are clearly not independent as they exhibit certain patterns such as volatility clustering. Unfortunately historical Simulation does not take into account such patterns.

I. Random chance (a very low probability event).

II. Markets moved by more than the likely prediction of the model (i.e. volatility was significantly higher than expected).

III. Markets did not move together as expected (i.e. correlations were significantly different than what was assumed by the model).

Assumptions:

This approach requires fewer statistical assumptions for underlying market factors:.

- A horizon of 1 trading day
- A 99% confidence interval
- An observation period based on at least 250 Days of historical data

Back testing

It is the Company's policy to perform regular back-testing to validate the Company's VaR calculations. When back-testing, the Company compares daily profits and losses with the estimates derived from the Company's VaR model. The Company presents the results of back-testing to the RBI quarterly.

During 2020-21, the Company recorded one back-testing exceptions (2019-20: four exceptions), when hypothetical losses exceeded daily VaR limit. While there were no back testing exceptions on comparison of actual losses with dailyVaR.

Market risk – Non trading

Interest rate risk

Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows or the fair values of financial instruments. The Company have fixed rate bank deposits and borrowings and hence not exposed to interest rate risk as far as these financial instruments are concerned.

Note 41 Fair value measurement

41.1 Valuation principles

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly/ indirectly observable or estimated using a valuation technique.

In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques.

41.2 Valuation governance

The Company's fair value methodology and the governance over its models includes a number of controls and other procedures to ensure appropriate safeguards are in place to ensure its quality and adequacy. All new product initiatives (including their valuation methodologies) are subject to approvals by the management. The responsibility of ongoing measurement resides with the risk department.

The Risk department validates fair value estimates by:

- Benchmarking prices against observable market prices given by Financial Benchmark India Private Limited (FBIL) or other independent sources
- Re-performing model calculations
- Evaluating and validating input parameters.

41.4 Valuation techniques

Government Securities (Central Government Securities and State Government Securities)

Government securities are financial instruments issued by Central and State Governments. The valuation under this category is done on the basis of prices provided by Fixed Income Money Market and Derivatives Association (FIMMDA) and hence classified as level 2.

Treasury Bills (T-Bills)

Treasury Bills are short-term financial instruments issued by sovereign governments. FBIL has developed the FBIL-TBILL, a benchmark for the money market based on Treasury bills traded in the market. FBIL-TBILL is announced for seven tenors of 14 days, 1 month, 2 months, 3 months, 6 months, 9 months and 12 months. FBIL-TBILL is calculated on the basis of secondary market trades executed. For Valuation, the Company uses FBIL-TBILL benchmark and based on that benchmark, the Company interpolates and calculates T-Bills prices corresponding to their residual maturities and are classified as Level 2.

Certificate of Deposits (CD)

Certificate of Deposits are short-term financial instruments issued by Banks. FBIL has developed the FBIL-CD, a new benchmark for the money market based on traded CDs reported on the FIMMDA Trade Reporting and

Confirmation System (FTRAC) platform of CCIL. FBIL-CD is announced for seven tenors of 14 days, 1 month, 2 months, 3 months, 6 months, 9 months and 12 months. For Valuation, the Company uses FBIL-CD benchmark and based on that benchmark, the Company interpolates and calculates CD prices corresponding to their residual maturities and are classified as Level 2.

Commercial Papers (CP)

Commercial Paper is a monetary instrument issued by corporate bodies in the nature of promissory note. The issue of commercial papers is highly regulated and supervised by the Reserve Bank of India (RBI). Commercial Papers are reported on the FIMMDA Trade Reporting and Confirmation System (FTRAC) platform. As currently, CP curve is not published by FBIL/FIMMDA till then for valuation, company shall use market observable spread over T-Bill curve and based on that new benchmark (T-Bill + constant Spread across the curve) company shall interpolate and calculate CP prices corresponding to the residual maturities. Investments in CPs shall be classified as Level 2.

Corporate bonds and debentures

Whilst most of these instruments are standard fixed or floating rate securities, some may have more complex coupon or embedded derivative characteristics. For valuation, Company uses last 15 days market prices when available, or other observable inputs (i.e. FIMMDA credit spread matrix and G-sec par curve) in discounted cash flow models. As corporate bonds and debenture fair valuations are based on the FIMMDA methodology, either directly (i.e. as prices) or indirectly (i.e. derived from related curve and spread), such instruments are classified as Level 2.

Equity instruments

The equity instruments are actively traded on public stock exchanges with readily available active prices on a regular basis. Such instruments are classified as Level 1. All the company's equity instruments are traded ones.

Mutual Funds

Units held in Liquid debt mutual funds are valued based on their published net asset value (NAV), such instruments are classified under Level 1.

Exchange traded derivative

These derivative instruments are actively traded on public stock exchanges with readily available active prices on a regular basis. Such instruments are classified as Level 1. All the company's exchange traded derivatives are traded ones.

Interest rate derivatives

Interest rate derivatives include interest rate swaps. The most frequently applied valuation techniques include forward pricing and swap models, using present value calculations by estimating future cash flows and discounting them with the appropriate yield curves incorporating funding costs relevant for the position. These contracts are generally Level 2 unless adjustments to yield curves or credit spreads are based on significant non-observable inputs, in which case, they are Level 3. Company is having all the Level 2 interest rate derivatives.

41.5 There have been no transfers between Level 1, Level 2 and Level 3 for the year ended 31st March, 2020 and 31st March, 2021.

41.6 Valuation adjustments

Credit and Debit valuation adjustments (CVA/DVA)

The Company calculates CVA/DVA on a counterparty basis over the entire life of the exposure. CVA is calculated by multiplying the probability of default (PD), the loss given default (LGD) and the expected exposure (EE) at the time of default.

Notes to Financial Statements for the year ended 31st March, 2021

(₹ in Lacs, unless otherwise stated)

A Debit valuation adjustment (DVA) is applied to incorporate the Company's own credit risk in the fair value of derivatives (i.e., the risk that the Company might default on its contractual obligations), using the same methodology as for CVA (i.e., applying the company's PD and multiplying it with LGD and EE).

The Company applies CVA to all relevant (not fully collateralised) over-the-counter positions with the exception of positions settled through central clearing houses and DVA to all relevant (not fully collateralised) over the counter positions and positions settled through central clearing houses. Based on regular assessment of the extent of the adjustments, the Company concluded that these adjustments were not significant to the levelling classification of the relevant instruments in 2020 or 2021.

41.7 Impact of valuation adjustments

41.9 Valuation methodologies of financial instruments not measured at fair value

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the Company's financial statements. These fair values were calculated for disclosure purposes only. The below methodologies and assumptions relate only to the instruments in the above tables

Short-term financial assets and liabilities

For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include: cash and cash equivalents, balances other than cash and cash equivalents, loans, other financial assets, trade payables, Short term borrowings and other financial liabilities. Such amounts have been classified as Level 1 and 2 on the basis that no adjustments have been made to the balances in the balance sheet.

Financial asset at amortised cost

These includes staff loans. The carrying amount of such loans after applying Effective Interest Rate are a reasonable approximation of their fair value and have been classified as Level 2.

14. Pursuant to the provisions of Section 124 of the Act, Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ("IEPF Rules") read with the relevant circulars and amendments thereto, the amount of dividend remaining unpaid or unclaimed for a period of seven years from the due date is required to be transferred to the Investor Education and Protection Fund ("IEPF"), constituted by the Central Government. The Company had, accordingly, transferred ₹ 517,896/- and ₹ 31847/-, being the unpaid/ unclaimed dividend amount pertaining to Final Dividend 2012-13 and unclaimed sale proceeds of fractional shares arising out of issuance of bonus shares during 2020-21. The Company has been sending reminders to members having unpaid/ unclaimed dividends before transfer of such dividend(s) to IEPF. Details of the unpaid/ unclaimed dividend are also uploaded on the Company's website <https://www.pnbgilts.com>. Members who have not encashed Final Dividend 2013-14 or any subsequent dividend declared by the Company, are advised to write to the Company immediately.
15. Pursuant to the provisions of IEPF Rules, all shares in respect of which dividend has not been paid or claimed for seven consecutive years shall be transferred by the Company to the designated Demat Account of the IEPF Authority ("IEPF Account") within a period of thirty days of such shares becoming due to be transferred to the IEPF Account. Accordingly, 147 Equity Shares of ₹ 10/- each on which the dividend remained unpaid or unclaimed for seven consecutive years with reference to the due date of July 24, 2020, were transferred during the year 2020-21 to the IEPF Account, after following the prescribed procedure.

All the shareholders who have not claimed / encashed their dividends in the last seven consecutive years from 2013-14 are advised to claim the same. In case valid claim is not received, the Company will proceed to transfer the respective shares to the IEPF Account in accordance with the procedure prescribed under the IEPF Rules.

16. Details as required under Regulation 36 (3) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('the Listing Regulations') and Secretarial Standard on General Meeting (SS-2) of the Institute of Company Secretaries of India ("ICSI"), in respect of the Directors seeking appointment/re-appointment at the Annual General Meeting, forms integral part of the notice. The Directors have furnished the requisite declarations for their appointment/re-appointment.
17. Members attending the AGM through VC shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
18. Shareholders may note that the Income Tax Act, 1961 (Act), as amended by the Finance Act, 2020, mandates that dividends paid or distributed by a Company on or after April 1, 2020 shall be taxable in the hands of

shareholders. The Company shall therefore be required to deduct tax at source (TDS) at the time of making the payment of final dividend at the prescribed tax rates. For the prescribed tax rates for various categories, the shareholders are requested to refer to the Finance Act, 2020 and amendments thereof. The shareholders are requested to update their PAN with the Company/MCS Share Transfer Agent Ltd. (in case of shares held in physical mode) and depositories (in case of shares held in demat mode).

A Resident individual shareholder with PAN and who is not liable to pay income tax can submit a yearly declaration in Form No. 15G/15H, to avail the benefit of non-deduction of tax at source by email to m.kochar@pnbgilts.com by September 11, 2021. Shareholders are requested to note that in case their PAN is not registered, the tax will be deducted at a higher rate of 20%. Non-resident shareholders can avail beneficial rates under tax treaty between India and their country of residence, subject to providing necessary documents i.e. No Permanent Establishment and Beneficial Ownership Declaration, Tax Residency Certificate, Form 10F, any other document which may be required to avail the tax treaty benefits by sending an email to m.kochar@pnbgilts.com. The aforesaid declarations and documents need to be submitted by the shareholders by September 11, 2021. For further details and formats of declaration, please refer to the Shareholder Information section of Investor Relations page of Company's website www.pnbgilts.com.

19. As per Regulation 40 of SEBI Listing Regulations, as amended, securities of listed companies can be transferred only in dematerialized form with effect from, April 1, 2019, except in case of request received for transmission or transposition and relodged transfers of securities. Further, SEBI vide its circular no. SEBI/HO/MIRSD/RTAMB/CIR/P/2020/236 dated December 2, 2020 had fixed March 31, 2021 as the cut-off date for re-lodgement of transfer deeds and the shares that are re-lodged for transfer shall be issued only in demat mode. In view of this and to eliminate all risks associated with physical shares and for ease of portfolio management, members holding shares in physical form are requested to consider converting their holdings to dematerialized form.

20. NON-RECEIPT OF DIVIDEND

The Company has received back some undelivered envelopes containing dividend warrants in the past due to various reasons. As such, shareholders who have not received dividend(s) of previous years, are requested to contact the Company by giving details like Folio No./DP ID & Client ID, Address, Contact No. etc. Please refer 'Report on Corporate Governance' section for detailed explanation/procedure.
