Views & Outlook:

- Although the GST collections experienced lower growth at 10% in December 2023 compared to the 15% growth in collections witnessed in the previous month, these remained above the Rs. 1.60 lakh crore mark. Collections generally are higher in the months of October and November owing to major festivities in the country. However, growth in collections remained in double-digits in December 2023 as well.
- With the festive season receding, GST collections may lose momentum to a certain extent and are expected remain in range of Rs.1.50-1.65 lakh crore the coming months.
